Web Development: React.js, Angular, Django, Node.js, PostgreSQL, Tailwind

Cloud & DevOps: AWS (EC2, S3), Docker, CI/CD

Tools: GIT, JIRA, Webstorm, PyCharm, Postman

EXPERIENCE

Noovosoft Technologies

Aug 2023 - Present

Software Developer

Pune, India

- Developed and optimized full-stack web applications using Angular and Django, improving page load speed by 40% and user retention by 25% through efficient frontend rendering and API integration.
- Built modular, reusable Angular components and collaborated with design and backend teams to deliver responsive, user-centric interfaces adhering to coding best practices.
- Implemented database optimization and a localization framework supporting 5+ languages, boosting international engagement by 20% and ensuring scalability for 10,000+ users.
- Achieved 98% test coverage, reducing bugs by 40%, and recognized as the second-highest frontend contributor for consistent delivery of high-quality, maintainable code.

PROJECTS

Green-Vegease App Backend

- **Key Skills:** Node.js, Postgres, Typescript, Drizzle ORM, Zod
- Green-Vegease is a fully functional e-commerce platform that enables users to browse, purchase, and review a wide range of vegetables and groceries.
- The platform handles user authentication, inventory management, order processing, and payment integration to provide a seamless shopping experience.
- Green-Vegease employs a monolithic architecture, with the backend developed using **Node.js** and **Express.js**. **PostgreSQL** serves as the primary database to manage user data, product information, and transaction records.

ProfitLens (Admin Dashboard)

- **Key Skills:** React.js, Tailwind, Typescript
- ProfitLens is a comprehensive platform designed for business administrators to monitor and manage sales, marketing activities, and performance across various business verticals.
- The admin dashboard is built using **React.js**, offering a responsive and interactive user interface that ensures smooth navigation and efficient data visualization.

EDUCATION

- **Smt. Kashibai Navale College of Engineering | SPPU** Pune, India
- B.E. Computer Engineering | CGPA: 9.12 / 10 2020 - 2024

ACHIEVEMENTS

- Programming Coding Quiz - Melange 2021 (VIT, Pune): Ranked in top 25 students.
- Solved 200+ Leetcode Problems.
